# Normativity Through the Prism

Unpacking Perspectives from Philosophy, Cognitive Science,  
and Law

### Speakers:

- Giuseppe Lorini (University of Cagliari)
- John Michael (University of Milan)
- Luca Tummolini (CNR-ISTC)

This workshop explores the multi-faceted concept of normativity, integrating insights from philosophy, cognitive science, and legal studies. Through interdisciplinary dialogue, we aim to deepen our understanding of how norms emerge, function, and shape human interaction.
